

Gas stations install solar power generation

Overview

Solar panels can be installed both on the roofs of gas stations, and next to them in the form of solar canopies, including those that function as covered parking lots or charging stations for electric vehicles.

Locking gas cap

You do you, but some lost gas is preferable to a damaged gas inlet/orifice. Those determined to get the gas won't be stopped by a locking cap. Then again, if you're the only vehicle
