

Georgia energy storage battery applications

**CONTAINER
TYPE ENERGY
STORAGE SYSTEM**

Energy storage system

FC RoHS CE 

The image shows a white, rectangular container-style energy storage system. It has a door on the left side and a large ventilation grille on the right. The unit is set against a background of a misty forest. To the right of the unit, the text 'CONTAINER TYPE ENERGY STORAGE SYSTEM' is displayed in bold, uppercase letters. Below this, the text 'Energy storage system' is written in a smaller font. At the bottom, there are four certification logos: 'FC', 'RoHS', 'CE', and the UL logo. The bottom right corner of the image features two overlapping green circles.

Overview

Georgia Power is enhancing grid reliability and sustainability through Battery Energy Storage Systems (BESS), supporting clean, safe, and affordable energy for 2.8 million customers while integrating smart technologies like EVs and smart grids.

Georgia energy storage battery applications

[Georgia Power breaks ground on Wadley battery storage system](#)

By pairing battery storage with solar generation at the site, power produced at times of low demand can be reserved for periods when usage rises. The Wadley facility is being built by Burns &
