

Horizontal hydraulic system accumulator

Overview

In this application, the accumulator stores the hydraulic fluid delivered by the pump during a portion of the work cycle; then, releases this stored fluid upon demand to complete the cycle, thereby functioning as a secondary source of power and assisting the pump.

Horizontal hydraulic system accumulator

Away status

My friend has been on away status (yellow marked) for over 5 days on Skype. I just want to know in which case on his end it shows me the away status. Did he uninstall the skype app on his mobile? Or
