

# How much does a 60kWh inverter cabinetized power station cost

## Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect Compatibility

### Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem

- LFP battery, safest and long cycle life
- Stackable design, effortless installation
- Capable of High-Powered Emergency-Backup and Off-Grid Function

## Overview

---

But before you dive in, let's unpack the numbers - current market prices range from \$42,000 to \$72,000 installed, depending on your location and component choices. That's like choosing between a fully-loaded pickup truck and a luxury sedan, both will get you there but with.
