### Macromolecules Practice Quiz.

DIRECTIONS: Click the button to the left of the SINGLE BEST answer. You may reset all the answers by pressing the RESET button. Click the Grade it! button when you are finished. 1. Which of the

### Macromolecules Worksheet #2

In dehydration synthesis, a hydrogen atom from one molecule joins with a hydroxyl group (-OH) from another molecule to form water, leaving two molecules bonded to the same oxygen atom.

### [Macromolecules \(Part B\) Flashcards . Quizlet](#)

Study with Quizlet and memorize flashcards containing terms like Amino Acids, Peptide Bond, Polypeptide and more.

### Understanding Macromolecules

This Macromolecules lesson ensures you're ready to answer every question related to Structure and Function of the basic Macromolecules in a Biological System on TEAS 7 Science.

### [Macromolecules Part B Flashcards . Quizlet](#)

Identify the specific molecule from each

description. Learn with flashcards, games, and more - for free.

## Macromolecules Practice Quiz.

In dehydration synthesis, a hydrogen atom from one molecule joins with a hydroxyl group (-OH) from another molecule to form water, leaving two molecules bonded to the same oxygen atom.

## Chapter 05

Within cells, small organic molecules are joined together to form larger molecules. These large macromolecules may consist of thousands of covalently bonded atoms and weigh more than 100,000

## CHAPTER 5 THE STRUCTURE AND FUNCTION OF

Three of the four classes of macromolecules- carbohydrates, proteins, and nucleic acids-form chain-like molecules called polymers. A polymer is a long molecule consisting of many similar or identical

[Introduction to macromolecules \(article\)](#)  
[. Khan Academy](#)

Carbohydrates, nucleic acids, and proteins are often found as long polymers in nature. Because of their polymeric nature and their large (sometimes huge!) size, they are classified as macromolecules, big

## Biology Macromolecules Part B Flashcards

Test your knowledge on macromolecules with these flashcards. Each card covers key definitions and concepts related to proteins, energy storage, and more. Perfect for biology students wanting to

## 2: Macromolecules

Identify the major classes of biological macromolecules, including carbohydrates, lipids, proteins, and nucleic acids, and their biological functions. Learn how the structure of nucleic acids and proteins is
