SUNFiD Solar Energy Storage System

If the BESS has insufficient power, the generator will be started to provide electrical energy to the load. After the utility power is restored, the system can be converted to grid-connected operation mode.

Solar Powered Shipping Containers

Our line of solar transportable power units (TMSPDC(R) Power AnyWhere Any Time(R)) provides stand-alone photovoltaic power. These portable units supply AC power just about anywhere the sun shines.

Renewable Solar Container Generators

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.
