What Is Retail? Definition & Guide (2025)

Retail is the process of selling goods or services directly to consumers for personal use. This activity can occur in brick-and-mortar storefronts, online, or through other channels.

What is retail? Definition and examples

Retail is the sale of products to consumers in relatively small quantities. The consumers do not then sell on what they bought. In other words, the buyer does not resell. The buyer, in the retail sector, is the

What is Retail? Defining Retail in 2024
