

# Slovenia grid energy storage subsidy benefits

## Overview

---

Slovenia's new subsidy program supports solar power plants for self-consumption up to 1 MW and battery energy storage systems connected to photovoltaic installations.

## Slovenia grid energy storage subsidy benefits

---

### [Slovenia EUR 30M Solar Subsidy Drives BESS Demand in 2026](#)

Slovenia's new subsidy program supports solar power plants for self-consumption up to 1 MW and battery energy storage systems connected to photovoltaic installations. The government offers up to

### [Impressive Slovenia energy storage essential for 2026](#)

As Slovenia's energy market operator, Borzen plays a vital role in facilitating green energy incentives. This compliance means that customers investing in SolarEast's BESS can

### [EU approves Slovenia EUR150 million for renewables, energy storage](#)

The European Commission has given the go-ahead to a EUR150 million (US\$160 million) state aid scheme for renewable energy and energy storage in Slovenia.

### [60 million non-repayable grants for solar power plants for companies](#)

Slovenia has launched a new public call, making a total of EUR60 million available for new investments in solar power plants and electricity storage. Eligible beneficiaries are legal persons,

### [Slovenia endorses key green energy, grid investments](#)

Slovenia selected a range of projects eligible for support via the European Union's Modernisation Fund. The focus is on battery storage and distribution grid. Two proposals for

### [Slovenia large-scale power supply side energy storage subsidies](#)

The subsidy can cover up to 45% of eligible investment costs, or a maximum of EUR 225 per kWh of battery storage capacity. Grants can be combined with a solar power plant or existing

### [EC clears EUR-150m renewables, energy storage scheme in Slovenia](#)

The programme will provide direct grants of up to EUR 25 million per beneficiary to speed up investments in renewable energy production and energy storage. Aid will be provided no later

### [State aid: Commission approves EUR150 million Slovenian scheme](#)

Under the scheme, the aid will take the form of direct grants, up to EUR25 million per beneficiary. The purpose of the measure is to accelerate the deployment of investments in renewable

### [Slovenia allocates EUR16 million for solar energy communities](#)

Slovenia has set aside EUR16 million (\$16.7 million) to support solar energy communities, requiring projects to include at least 100 kW of

PV capacity, with or without storage. The program will

## COUNTRY REPORT

In June 2023 European Commission (EC) approved, under EU state aid rules, a EUR-150-million (USD 161m) scheme in Slovenia that aims to support the expansion of renewable energy, heat and energy
