

Solar panels installed on rural roofs in Cambodia

Overview

This study details the design and installation of two SHS in a rural community in Cambodia. The SHS have replaced the use of kerosene lamps and supplemented car battery usage, which has generated a cost saving of USD\$2.

Solar panels installed on rural roofs in Cambodia

Solar energy

Solar technologies are categorized as either passive or active depending on the way they capture, convert and distribute sunlight and enable solar energy to be harnessed at different levels around the

Dear author,

Therefore, standalone solar home systems (SHS) are an appropriate product to supply electricity to rural households in Cambodia. This study was conducted as a pilot project to test the
