

# Special container power generation

## Overview

---

A containerized genset is a diesel or gas-powered generator that is housed within a specially designed ISO shipping container.

## Special container power generation

---

### [Windows Explorer sorting order for special characters?](#)

What is the sorting order used in Windows Explorer? I was specifically wondering what special characters sort after the alphabets? As far as I can tell (test), all special characters seem to be

### Container Generator Units

At MODS, we design and fabricate high-performance generator and power units built from shipping containers. Our solutions provide reliable energy generation

### [Notepad++ inserting special Unicode characters in UTF-8](#)

What's the best ways to enter special Unicode characters into a Notepad++ document? Do I have to rely on the operating system (Windows)? Looking for a see-and-click solution. I can bring up the AS

### [Is there an Excel formula to identify special characters in a cell?](#)

Here's a conditional formatting solution that will flag the records with special characters. Just apply a new conditional formatting rule to your data that uses the (extremely long) formula below, where A1

## microsoft excel

18 In Excel, you are supposed to be able to change the rows to columns and the columns to rows (in effect, rotating the sheet through a diagonal axis), by selecting the area to be transposed, and doing

### [Why can't you use special characters in a filename, like "?" or](#)

When I try to save a file, if I use special characters in the name (such as a colon, question mark, or exclamation point) in Windows I get a message saying that the file name is invalid.

### [How do I enable Windows special permissions in the security tab?](#)

I need to enable the special permissions on the basic tab of security properties, I tried using anything, icacls cmd, etc. Is there a way to check that box?

## Containerized Generator Set Solutions

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient

### [Excel destroying special character when saved as CSV](#)

The problem is, whenever the client saves the excel spreadsheet as an MS-DOS .csv file, many

### Which Special Character Set is accepted in WPA2-PSK passwords?

Apparently the WPA2-PSK password can have a length ranging from 8 to 63 characters. Letters, numbers, and special characters can be used. I would like to know what special characters can be

of the special characters get converted to question marks "?" (symbols such as ' ' / ).

### Is there a list of Windows special directories/shortcuts (like %TEMP

There's nothing special about the string "Godmode"; it can be any name you like, so long as it is followed by a period and then the value in curly braces.

### How can I type special characters in Linux?

In Windows, there is the possibility to type special signs from the keyboard by holding the Alt key and typing a few numbers, that depends on which sign you want to use. Does it work with
