

# Which company is best for emergency energy storage in Sierra Leone

Support photovoltaic input and AC mains input  
Suitable for home energy storage and emergency backup power supply

The image features a large, white, rectangular energy storage unit with a small black display on top. It is positioned in front of a modern, two-story house with a dark facade and a prominent gable. The background shows a residential street with other houses and parked cars. Below the main image, there is a smaller inset image showing a collection of smart home appliances: a white range hood, a white range cooker, a black refrigerator with a glass door, a white water dispenser, and a laptop computer. The entire scene is set against a backdrop of a vast, open landscape with snow-capped mountains in the distance and a field of solar panels in the foreground.
